## **News Release**

For Immediate Release: April 14, 2018

### **Water conservation notice issued for all Wainiha and Haena residents**

HAENA— The Department of Water (DOW) has issued an immediate water conservation notice for all residents in Wainiha and Haena until further notice, due to inclement weather and an electrical power outage affecting the area's well site.

Residents and businesses in Wainiha to Haena are urged to limit water consumption to essential uses only, in order to avoid a water outage.

Essential water uses include cooking, bathing and toilet flushing. Water conservation measures include refraining from car washing, turning off automatic outdoor irrigation and sprinkler systems, and using water wisely both indoors and outdoors.

Updates will be provided when new information becomes available. All Wainiha and Haena residents should continue water conservation measures until the request is lifted.
