Automatic Payment Service

Automatic Payment Service is an easy and convenient way to make your water and sewer payments automatically. It's a free service! It saves you time from writing checks and money on postage and envelopes. Here's how it works:

1. By signing the agreement below, you authorize Princeville Utilities Company, Inc. to automatically deduct your monthly water and sewer payments from your financial institution.
2. Deduction of payments from your bank account will commence within two billing cycles of receipt of a completed Authorization for Payment Service. Each debit will be for the exact amount of your water and sewer bill, and will occur on the 20th day of the month. You will still receive your regular monthly bill in the mail, but with a note that the payment will be automatically deducted from your bank account.
3. That's it. There is no further need for you to write checks to Princeville Utilities Company, Inc. for your water and sewer fee payments, no need to stuff envelopes and purchase stamps. No more late charges. Best of all, there are no charges or fees to you for this Automatic Payment Service.

An authorization form is provided below. Simply complete the form and submit it to Princeville Utilities Company, Inc. The Automatic Payment Service is available through any bank, savings and loan or credit union in the United States that is a member of the National Automated Clearing House Association (NACHA).
